

## Aluminium LED bars profiles and led strips

LED lighting is hot because its is clean, economic, can be shaped for what you like, its small and dimmable.

LED strips are esthetic lightning's which exist in two intensities and any color you like, warm and cold white, all colors of the rainbow.

The lightings can be remotely dimmed and controlled using modern electronics

The aluminum profiles uses to make these led bars are available in different shapes and sizes. Bars are available as surface and flush mounted, with milky and transparent covers.

Bars are made in standard lengths of 50, 100, and 200 cm but can also be made on specifications.

We make the bars with flexibility on

length, LED type, and color including Electronics.

Excluding electronics the bar prices vary by volume and specification from \$11 and up.

### Specifications:

Specification of LED bars vary per specification but in general these are the specifications:

- Efficiency 80lm/watt and higher
- Remotely dimmable
- Variable Length till 2 meters.
- Surface and flush mounted.
- Electronics power supply and RF dimmers.

### Smart home

An Smart home is a home in which the infrastructure supports all modern functions like Solar energy panels, electricity backups, home automations, security and Expansion or change of the network.

### Infrastructure

The infrastructure of a smart home is like the foundations for a house. Ones you have them it guaranties you success. The infrastructure of a smart house support the following functions:

- Transparent flexible cental cabinet
- Connections for backup system.
- Protection aganist bad netconditions.
- Controller for home automation
- Conection for Solar panels.
- Connection Paneles Solar
- Guardia de RED
- Domotica control
- Ajustable

### Aplications:

Examples of smart home applications are:

- Automated lights
- RFID identification
- Security.
- Automated faucets
- Hot water on demand
- Automated Curtains
- Automated garden sprinkler system
- Electronic door locks with Identification

### More information

We are specialized in home automation. We develop various functions specific for the Mexican market. You can find extra info at the sits below indicated with a "↗....." web link
